# ABOUT US

Redox Power Group JV is an Engineering & Renewable Energy Solutions provider delivering turnkey infrastructure projects across Africa, with a focus on substations, overhead lines, solar PV, and energy storage systems.

**Redox Power Group JV is a collaboration between:**

- ✓ Redox Power Group (Pty) Ltd
- ✓ Ramaite Investments t/a Acuity Energy
- ✓ SPEC Africa (Pty) Ltd
- ✓ MetaHuma

We are a Level 1 B-BBEE entity with over 40 years of combined experience, delivering full EPC services across Africa.

# MISSION & VISION

## Our Mission

- ✓ To be the preferred provider of reliable engineering services & explore innovative growth opportunities

## Our Vision

- ✓ To deliver sustainable, top-quality solutions that exceed client expectations

# CORE VALUES

- ✓ Accountability
- ✓ Integrity
- ✓ Professionalism
- ✓ Service Excellence

# SERVICES OVERVIEW

- ✓ Engineering & Construction (EPC & EPCM)
- ✓ Civil, Mechanical, and Electrical Works
- ✓ Substations & Overhead Line Construction (up to 765kV)
- ✓ Solar PV Installations & Wind Energy
- ✓ Battery Energy Storage (BESS)
- ✓ Modular Housing, Security Systems, SCADA, Commissioning

# PROJECT CAPABILITIES

- ✓ 10+ years experience in Substations & OHL
- ✓ ORHVS-compliant site supervision
- ✓ Quality assurance protocols & testing
- ✓ High-performance Solar PV systems
- ✓ Wind & Solar Balance of Plant (BOP)
- ✓ Turnkey delivery & in-house testing

# PLANT & MACHINERY

## Key equipment inventory:

- ✓ Excavators, TLBs, Rollers, Graders
- ✓ Jeep Pullers, Tensioners, Winches
- ✓ Drilling machines, Storage containers
- ✓ Mobile drum stands, Generators

REDOX Power Group (JV) has amongst other suppliers on board, secured a partner in equipment manufacture and supplier DEVLON, and for all our projects, the sufficiency in equipments, plant and machinery is of immediate immense capacity.

# FINANCIAL CAPACITY AND SUPPORT

Redox Power Group JV is financially supported by leading South African institutions, including **Lombard, RNB, and Hollard**. These long-standing relationships provide us with strong financial backing and access to a range of instruments essential for delivering high-value projects across the continent.

## Our financial capabilities include:

- ✓ Advanced Payment Guarantees
- ✓ Performance Bonds and Bank Guarantees
- ✓ Project-specific financial structuring
- ✓ Cash flow support facilities

These resources ensure we can mobilise quickly, meet contractual obligations, and give clients the confidence that projects will be delivered on time, within budget, and with full financial security.

# POLICY COMMITMENTS

Affirmative Action & Skills Development

Health, Safety, and Environmental Compliance

Quality Policy & Customer Satisfaction Focus

# NOTABLE WORKS

## Our notable works include:

- ✓ Droogfontein 2, Bokamoso, Waterloo PV Plants
- ✓ Nxuba, Perderkraal, Roggeveld Wind Farms
- ✓ Duvha Power Station
- ✓ Substations for Eskom, Enel Green Power, Consol Glass
- ✓ International Projects in Kenya, Mauritius, Namibia, Vietnam

# OUR CLIENTS

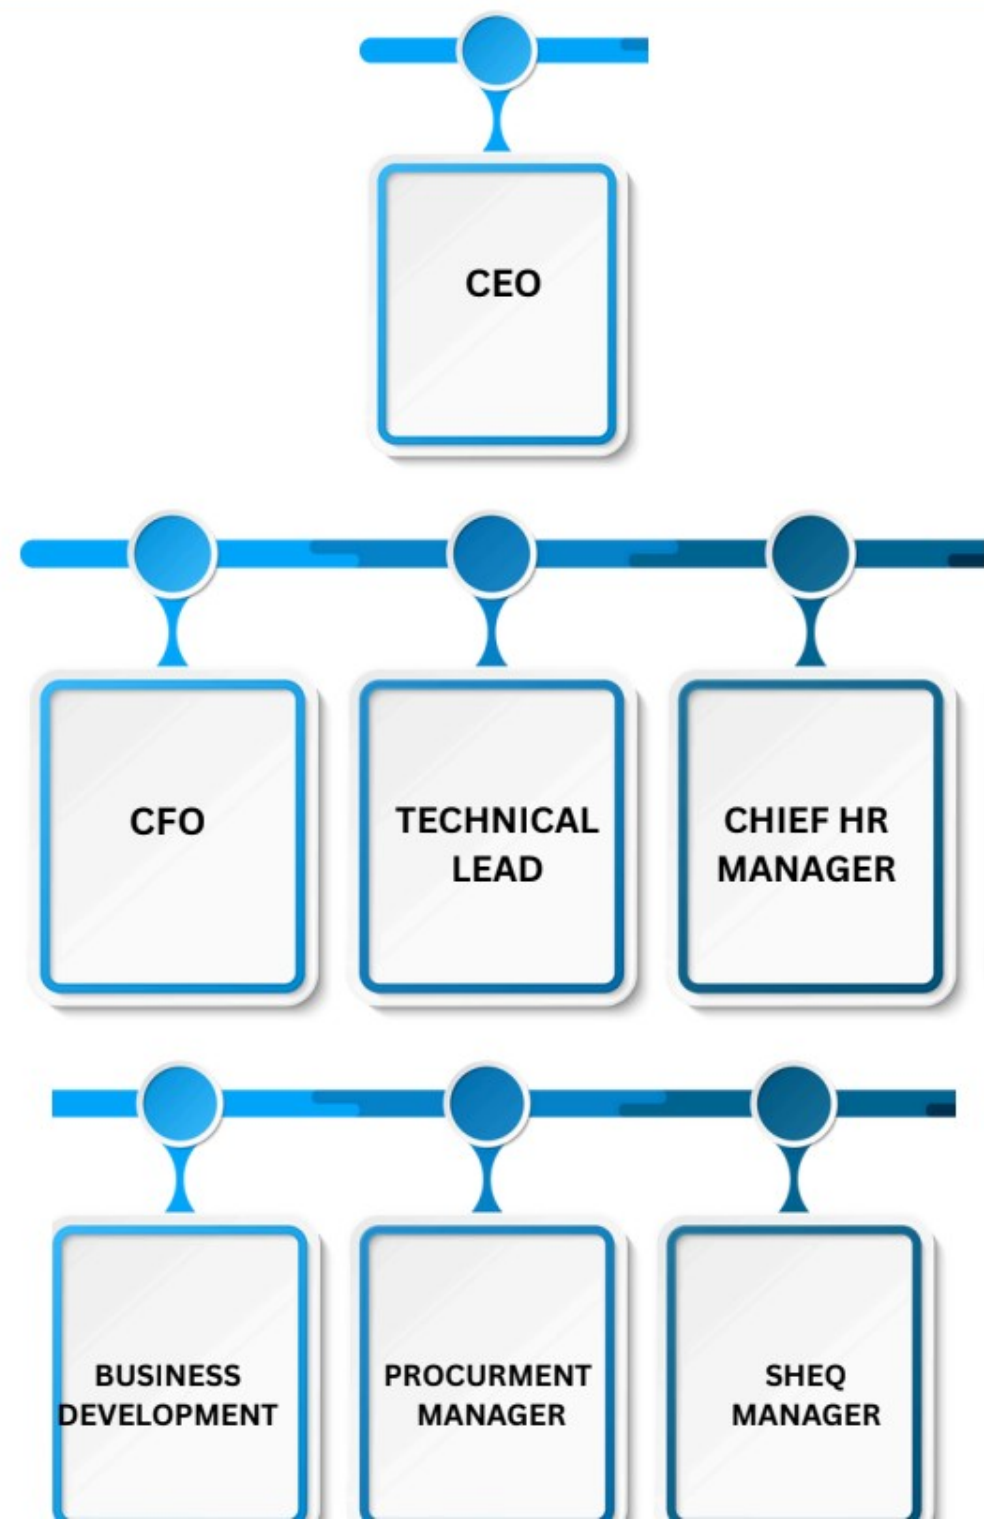

# ACCREDITATIONS

# TEAM STRUCTURE

**Competent, experienced leadership & operational teams**

# WHY CHOOSE REDOX?

- ✓ Immediate mobilisation
- ✓ Proven track record
- ✓ Extensive resource base
- ✓ Commitment to excellence, timelines, and compliance
- ✓ Strong financial and technical capacity
